

OUR JOB OFFER

KINDERGARTEN BIBERBAU

„Strong roots and a free spirit“ is the basic principle of the Biberbau. Open for children aged between six months to three years and three to six years, we combine Montessori- and Emmi Pikler-pedagogics with a bilingual language concept in German and English. Our partially open room concept and various open areas in our garden create the ideal environment for curiosity and creativity. In addition, we set a high value on skilled personnel – pedagogues who optimally support and foster children in their individual growth, inspired by their own ideas.
